I am looking for OR

The Suffolk Chamber Sizewell C Supply Chain

EDF Energy and its partner investors are planning to build a multi-billion construction at Sizewell C which is a proposed 3.2 GW nuclear power plant with two EPR reactors (each of 1.6GW).

As part of its procurement strategy for Sizewell C, EDF Energy has partnered with the Suffolk Chamber of Commerce to manage the Suffolk Chamber Sizewell C Supply Chain team which is delivering a supply chain solution for EDF Energy and its contractors by engaging with Suffolk businesses that want to become part of the supply chain.
